The designations employed in publications of the ILO and of the ISSA-Construction Section, which are in conformity with United Nations practice, and the presentation of material therein do not imply the expression of any opinion whatsoever on the part of the ILO and ISSA-Construction Section concerning the legal status of any country, area or territory or of its authorities, or concerning the delimitation of its frontiers. The responsibility for opinions expressed in signed articles, studies and other contributions rests solely with their authors, and publication does not constitute an endorsement by the ILO and the ISSA-Construction Section of the opinions expressed in them. Reference to names of firms and commercial products and processes does not imply their endorsement by the ILO and the ISSA-Construction Section, and any failure to mention a particular firm, commercial product or process is not a sign of disapproval.
